WASHINGTON, DC 20510-3203

May 14, 2025

Subcommittee Chair Katie Britt  
Subcommittee on Homeland Security U.S.  
Senate Committee on Appropriations  
Washington, D.C. 20510

Subcommittee Ranking Member Chris Murphy  
Subcommittee on Homeland Security  
U.S. Senate Committee on Appropriations  
Washington, D.C. 20510

Dear Chair Britt and Ranking Member Murphy,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2026 Homeland Security Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

Charles E. Schumer  
United States Senator

Congressionally Directed Spending Requests**

<b>Recipient Name</b>	<b>Project Purpose</b>	<b>Project Location</b>	<b>Amount Requested (\$000)</b>
City of Dunkirk, NY	Project will install engineered structures along the east harbor promenade that mimics natural protective features to protect the vulnerable seawall, roadways, critical infrastructure, residents, and businesses along Lake Erie coastline from more frequent, severe and damaging storms.	Chautauqua NY	\$4,750
Town of Hempstead	Constructing a new bulkhead wall to significantly improve pre-disaster capability in coastal or flood-prone areas.	Nassau NY	\$1,780
City University of New York	Requested funds will be used to harden campus buildings against damage from severe weather events.	New York NY	\$1,000
New York City Department of Small Business Services	This project supports preliminary design for 1) the modernization of the Staten Island Ferry Terminal to address risks to operational continuity, and 2) infrastructure improvements within The Battery to reduce risk of economic disruption and physical damage from extreme events.	New York NY	\$4,488
Montefiore Nyack Hospital	Phase III includes installing two Tier 2 emergency generators, replacing outdated switchgear, expanding and separating emergency power circuits, relocating critical infrastructure, and conducting a study to identify and label life-safety equipment.	Rockland NY	\$6,000
Town of Smithtown	Replacement of two (2) aging/compromised below-grade fuel tanks with one double walled above ground tank for use by the Town Department of Public Safety Marine Division for patrol and rescue as well as provide retail fuel for community boaters.	Suffolk NY	\$750
County of Ulster	Requested funding will enhance Ulster County's public safety capabilities through the construction of a new Emergency Operations Center to be integrated with the County Public Safety Answering Point in a modernized, strategically located facility equipped with advanced technology.	Ulster NY	\$5,000
City of Yonkers	Funds to stabilize the steep hillside west of Warburton Avenue to mitigate the recurrence of mudslides and thereby avert Metro North Railroad blockages, damage to Westchester County's trunk sewer, and destabilization of residences and municipal infrastructure.	Westchester NY	\$4,162
Town of Ossining	The Town of Ossining will conduct a comprehensive storm sewer evaluation for its drainage infrastructure as a pre-disaster mitigation effort to identify potential projects that can be pursued to provide measurable flood relief in the future.	Westchester NY	\$99
Village of Pelham	The Village of Pelham seeks to improve its municipal separate storm sewer system (MS4) along Highbrook Avenue to reduce hazardous flooding, ultimately resolving issues of repetitive and severe flood events.	Westchester NY	\$6,375
