Subcommittee on Transportation, Housing  
and Urban Development, and Related Agencies  
U.S. Senate Committee on Appropriations  
Washington, D.C. 20510

Dear Chair Hyde-Smith and Ranking Member Gillibrand,

I request a technical correction to a Congressionally Directed Spending item included in the Fiscal Year 2023 Transportation, Housing and Urban Development, and Related Agencies Appropriations Bill, listed below. The reason for this necessary correction is to clarify that the request listed below is eligible for funding under the Department of Transportation (DOT) Federal Transit Administration (FTA) Transit Infrastructure Grants (TIG) account. I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

**Account funded in:** DOT FRA CRISI

**Project Name in the FY23 JES:** Midway Crossing

**Recipient Name in the FY23 JES:** Suffolk County

**Publicly Disclosed Project Purpose:** This project will create new surface parking at the Ronkonkoma Train Station. This parking will accommodate future growth in parking demand and allow for the reorganization and consolidation of existing commuter parking, facilitating future vertical development in close proximity to the station itself.

**Request for technical change:** Transfer funding from the Department of Transportation (DOT) Federal Railroad Administration (FRA) Consolidated Rail Infrastructure and Safety Improvements (CRISI) account to the DOT Federal Transit Administration (FTA) Transit Infrastructure Grants (TIG) account to ensure that this award is eligible for funding.

Sincerely,

Charles E. Schumer  
United States Senator
